## PROFILE

Full Stack Developer with **3+ years of experience** in **Laravel (PHP), React.js, JavaScript, MySQL, and RESTful APIs**. Skilled in building and maintaining **scalable web applications**, including an **e-commerce platform** with Blade templates and a **carpooling web app** using React and Laravel. Proficient in **frontend and backend development, WordPress, Git, and responsive UI design**. Strong expertise in **end-to-end project lifecycle, debugging, and delivering optimized, user-focused digital solutions**.

## EMPLOYMENT AND WORK EXPERIENCE

05/2025 – Present
Islamabad

**Full Stack Developer**
*SysReforms International*

- Refactored existing codebase to improve **application speed, scalability, and security**.
- Optimized **API response time** and enhanced **memory utilization** for better system performance.
- Implemented **Redux Toolkit** for efficient state management, reducing complexity and eliminating props drilling.
- Collaborated on **frontend (React.js)** and **backend (Laravel)** to deliver seamless and maintainable web solutions.
- Ensured **clean coding practices, debugging, and performance tuning** to improve overall user experience.

05/2024 – 04/2025
Islamabad

**Associate Full Stack Developer**
*Logiqon Solution*

- Developed and maintained backend logic using Laravel, including database migrations, seeding, and Eloquent ORM for efficient data management.
- Proficient in HTML, CSS, JavaScript, and responsive frameworks like Bootstrap and Tailwind, creating mobile-first designs to enhance user experience.
- Proficient in designing, optimizing, and managing MySQL databases, including efficient query writing and indexing to improve performance.

11/2021 – 01/2022
Islamabad

**React Developer Intern**
*spqr*

- Developed reusable React components that are modular, maintainable, and follow best practices.
- Integrated React components with APIs to fetch and display data.

06/2019 – 07/2019
Remote, Islamabad

**Software Engineer Intern**
*Elixir Technologies Corporation*

- Explored and learned company tango software to make business layouts.
- JSON database handled through tango software and learned how database be used as Data Modeling.

01/2023 – Present
Remote

**Wordpress Freelancer**

- Developed websites like Premier Staff, Echelon Growth, and Azlaan Academy.
- Customized themes, optimized performance, and ensured responsive design.
- Provided ongoing maintenance and client-focused solutions.

## EDUCATION
